M.S. and B.S., Computer Science, Fordham University
 Cybersecurity Policy, Harvard University, John F. Kennedy School of Government
 Cybersecurity Strategy, Georgetown University

Mr. Ferrante is an expert in data privacy and cybersecurity resilience, prevention, response, remediation, and recovery services.

Mr. Ferrante has more than 25 years of top-level cybersecurity experience, providing incident response and preparedness planning to more than 1,000 private sector and government organizations, including more than 175 Fortune 500 companies and 70 Fortune 100 companies.

Mr. Ferrante maintains first-hand operational knowledge of more than 60 criminal and national security cyber threat sets, and extensive practical expertise researching, designing, developing and hacking complex technical applications and hardware systems.

Prior to joining FTI Consulting, Mr. Ferrante served as Director for Cyber Incident Response at the U.S. National Security Council at the White House where he coordinated U.S. response to unfolding domestic and international cybersecurity crises and issues. Building on his extensive cybersecurity and incident response experience, he led the development and implementation of Presidential Policy Directive 41 – United States Cyber Incident Coordination, the federal government’s national policy guiding cyber incident response efforts.

Before joining the National Security Council, Mr. Ferrante was Chief of Staff of the FBI’s Cyber Division. He joined the FBI as a special agent in 2005, assigned to the FBI’s New York Field Office. In 2006, Mr. Ferrante was selected as a member of the FBI’s Cyber Action Team, a fly-team of experts who deploy globally to respond to the most critical cyber incidents on behalf of the U.S. Government.

Mr. Ferrante received the 2019 Global Leaders in Consulting award for his Excellence in Execution from *Consulting Magazine*. Additionally, in 2019, Mr. Ferrante and FTI Consulting were invited to partner with the World Economic Forum’s Centre for Cybersecurity to strengthen global cooperation for digital trust and security, secure future digital networks and technology, and build skills and capabilities for the digital future.

Mr. Ferrante also maintains top secret security clearances. In August 2019, Mr. Ferrante summited Mount Kilimanjaro, the highest mountain in Africa and the highest single free-standing mountain in the world.

Areas of Expertise

- Crisis Management
- Cyber Incident Coordination
- Cybersecurity Preparedness
- Cybersecurity Policy & Compliance
- Data Privacy
- Host-based Digital Forensics
- Incident Response
- Investigations
- Network Forensics
- Malware Analysis
- Network Security
- Source Code Auditing & Review
- Threat-hunting
- Vulnerability Assessments
