

Stephen Deutsch

Senior Director

**Location**

200 Aldersgate
Aldersgate Steet
London, EC1A4HD
United Kingdom

Mr. Deutsch has over 15 years of experience in IT and security, focusing on building and maturing programs, attack detection, and incident response for highly targeted organizations.

Prior to joining FTI Consulting, Mr. Deutsch was an independent consultant specializing in detection and response. He held previous consulting positions at Nettitude Group and Context Information Security, where he led their Security Operations Centre (SOC) consulting practices, focusing on security operations maturity and Red/Purple teaming.

Before becoming a consultant, Mr. Deutsch built and ran the Bank of England's SOC and the 24/7 operations for KPMG's global SOC. Mr. Deutsch has also held a range of cybersecurity positions in threat and vulnerability management and incident response at Sage, Wipro, and Betfair.
